

Participation in the United Nations Global Compact

NIPPON FILCON joined the United Nations Global Compact (UNGC) on November 17, 2022.

The UNGC is the world's largest sustainability initiative to build a sustainable global society through partnerships between the United Nations and the private sector (companies and organizations). We support for the Ten Principles of the UNGC, in the areas of human rights, labor, environment, and anti-corruption practices and we are striving to make social contributions through business operations.

The Ten Principles of the United Nations Global Compact
